Sponsored by the Governor's Advisory Council on Aging

Equal Opportunity Employer/Program • Under the Americans with Disabilities Act (ADA), the Council must make a reasonable accommodation to allow a person with a disability to take part in a program, service, or activity. For example, this means that if necessary, the Council must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that the Council will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. This document is available in alternative formats by calling 602-542-4710.
